WORK EXPERIENCE

ZS Associates

Pune, India

Decision Analytics Associate

July 2022 - March 2025

- Spearheaded data actualisation processes and led daily operations for a Fortune 500 pharmaceutical client across 12+ therapy areas and their associated brands, strengthening stakeholder trust and improving deliverable quality
- Analyzed and organized large datasets hosted on cloud platforms to develop accurate forecasts and business plans, helping align financial and operational resources to improve profitability and mitigate risks
- Designed and automated reporting pipelines using Excel and Power BI, reducing manual effort by over 30% and accelerating time-to-insight for business users
- Managed complex consulting engagements by leveraging client management, subject matter expertise, and advanced analytical problem-solving to deliver strategic, data-driven insights
- Partnered with client stakeholders to manage data governance processes and ensure seamless sustainment of forecasting models by aligning technical solutions with evolving KPIs.
- Conducted in-depth data profiling and transformation across large datasets to support business planning, helping align operational resources with strategic goals
- Acted as the go-to advisor on data strategy and analytics, contributing to high-impact deliverables for a complex pharmaceutical product requiring precision and insight.
- Supported the transition from third-party forecasting tools to ZS's proprietary platform by defining business requirements and implementing scalable, in-house data solutions
- Collaborated with cross-functional global teams to resolve data quality issues proactively, applying root-cause analysis and ensuring long-term solutioning without client-facing disruptions
- Mentored new team members on forecasting logic, data workflows, and client-specific requirements, strengthening internal capability and ensuring quality assurance
- Recognized for maintaining high professional standards, clear communication, and adaptability in a dynamic environment with frequently changing client needs

Achievements: *Winner of ZS Client case-study competition 2023*

Skills: *MS Excel, Tableau, MS Powerpoint, SQL, Time Series Forecasting(Demand & Financial), i2e(Forecasting Tool), MS Power BI*
